REPORT ON SHIPPING

To the Honorable

L. P. BRODEUR,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the nineteenth List of Shipping issued by this Department. The List has been prepared from records kept in the Department and care has been taken to make it as complete and accurate as possible.

Supplements to the List of Shipping are published every month, and those affecting this List which have issued up to date, are bound with this volume.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1909, was 7,768, measuring 718,533 tons, being an increase of 166 vessels and 16,229 tons, as compared with 1908. The number of steamers on the Register Books on the same date was 3,229, with a Gross Tonnage of 513,962. Assuming the average value to be \$30 per ton the value of the Net Registered Tonnage of Canada on the 31st December, 1909, would be \$21,556,590.

The number of new vessels built and registered in the Dominion of Canada during last year was 327, measuring 25,306 tons Net Register. Estimating the value of the new tonnage at \$45 per ton gives a total value of \$1,138,770 for new vessels.

During the year Prince Rupert, in the Province of British Columbia, was constituted a Port of Registry for ships.

A comparative statement showing the tonnage of each of the Maritime States of the world is given which shows that Canada retains her place as tenth.

During the year 246 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 36,430 men and boys, &c., inclusive of the Masters, were employed on ships registered in Canada, during the year 1909.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable L. P. BRODEUR,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la dix-neuvième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible.

Des suppléments à la liste de la Marine sont publiés chaque mois et ceux qui modifient cette liste et qui ont été publiés jusqu'à ce jour sont reliés dans ce présent volume.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1909 était de 7,768, d'un tonnage de 718,533 tonnes, ce qui donne une augmentation de 166 vaisseaux et de 16,229 tonnes par rapport à l'année 1908. A la même date, le nombre des vapeurs figurant au registre était de 3,229, d'un tonnage brut de 504,962 tonnes. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1909 serait de \$21,556,590.

Le nombre total des vaisseaux construits et enregistrés au Canada durant l'année dernière a été de 327, d'un tonnage de 25,306 tonnes. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur totale de \$1,138,770 pour les nouveaux vaisseaux.

Durant l'année, Prince Rupert, Colombie Britannique a été constitué port d'enregistrement des vaisseaux.

Un tableau comparatif indiquant le tonnage de chacun des pays maritimes du monde démontre que le Canada reste à la dixième place comme pays maritime.

On estime à 36,430 le nombre des hommes et des garçons, etc., y compris les capitaines, qui furent employés à bord des vaisseaux enregistrés au Canada, pendant l'année 1909.
